Caring begins with YOU
Our mission is to enhance the quality of life for pediatric patients and their families in the Rocky Mountain region.

A child’s life-threatening illness or sudden emergency can turn a family upside down. Throughout the year, Rocky Mountain Children’s Health Foundation provides essential services to pediatric patients and their families in need. These families face frightening challenges, unexpected expenses and tentative futures. Your support provides them with the necessary tools to successfully manage these crises.

Because you care...

Your support helped develop and enhance many programs and relationships:

- **1,571** pediatric patients and families received direct services from you.
- **Your support made an impact with** $69,164 on 9 regional non-profits who share in our mission through the external grants program.
- **You supplied more than 1,350** emergency and social worker grants, car seats and taxi and grocery vouchers.
- **You helped launch Beads of Courage benefitting 68** patients.
- **As a community, you provided** more than **1,000** diapers and baby essentials to babies in need throughout the Rocky Mountain region, including children enrolled in programs of the Tri-County Health Department.
- **Your donations helped provide grants to 56** nurses and medical support staff, totaling $20,625 for training and service missions.
- **You collected and donated thousands of books and toys to help provide enrichment to children while undergoing medical treatment.**
Mothers’ Milk Bank collects, processes and provides human donor milk to babies across the country. Babies who receive the milk may be premature or have severe illnesses and need human milk to thrive.

In 2012 MMB dispensed 377,886 ounces.

In 2013 MMB dispensed 487,800 ounces.

829 women across the country donated this precious milk for distribution to 117 hospitals and directly to more than 600 babies.

MMB consistently provides more milk to NICUs than any other non-profit milk bank in North America and adheres to the strict guidelines of the Human Milk Banking Association of North America (HMBANA).

“When my milk supply grew to a level that could no longer fit in our deep freezer, donating to Mothers’ Milk Bank seemed like a very natural decision.”

-JENNY

“Especially during the first six months of pumping, I had much more milk than I needed for Ethan, but needed to keep up my supply. I was happy that all of my hard work could benefit others and that I could donate my extra milk to other babies in need. I also encouraged my sister to donate. Thank you for all you do for providing this opportunity for moms and babies alike.”

-MELISSA
With your support, many loving kids were matched with four-legged forever friends to help comfort them!

In 2013, you provided 11 well-trained, loving companion dogs to families with a child diagnosed with a serious medical condition.

147 individuals & 77 organizations contributed more than $23,340 to the Stink Bug Project.

and $237,870 to support patients and families in the Rocky Mountain region.
Your generosity touched more than 1,500 families in 2013
