Caring begins with YOU
Our mission is to enhance the quality of life for pediatric patients and their families in the Rocky Mountain region.

In 2015, your generosity provided vital assistance to 2,879 children and their families who were battling chronic illnesses.

You funded 342 grants totaling $116,206 for families in need, helping them to better handle the unexpected.

With your help, 62 infants left the hospital and arrived home safe and sound in brand-new car seats.

Toys brought smiles to 529 children in hospitals and pediatric clinics...because you care.

You funded 342 grants totaling $116,206 for families in need, helping them to better handle the unexpected.

As a community, you answered the call and helped provide more than 5,600 diapers to infants served through area public health programs.

Your generous support helped 577 families receive gift cards totaling $51,285 to assist with unexpected financial burdens.

To date, RMCHF has awarded more than $784,000 in grants to local nonprofit organizations who share in our mission.

RMCHF and partnering agencies worked hand-in-hand to help pay for utilities, gasoline, medications and more for families facing financial challenges as a result of their child’s medical condition.
More than 300 friends came together at The Ritz-Carlton, Denver for a regal weekend of luxury, relaxation and inspiration. Enjoying a wine-paired dinner, inspiring presentations and dancing into the night, Kaleidoscope guests generously raised more than $380,000 to help very special children and families.

With your support, the Stink Bug Project matches deserving kiddos with four-legged forever friends to help comfort them! To date, the Stink Bug Project has placed 60 loving companion dogs to children with serious medical conditions.

These furry friends have a combined total of 28,320 hours of active training in obedience and good behavior from the Prison-Trained K-9 Companion program.

For more information on Kaleidoscope, please visit: www.rmchildren.org/events
“The gifts that go to RMCHF go directly to patients and their families and that sets this foundation apart from others. It does not go to bricks and mortar or equipment. It’s really for the patients and their families, helping them cope with the unexpected.”

A nonprofit program of Rocky Mountain Children’s Health Foundation, Mothers’ Milk Bank (MMB) collects, processes and provides donor human milk to babies across the country. Infants who receive this precious milk may be premature or have severe illnesses and need human milk to thrive.

Since 1984, more than 10,000 women have generously donated over 4 million ounces of lifesaving human milk to help babies.

630,374 ounces of human milk were dispensed in 2015.

545,367 ounces of human milk were dispensed in 2014.

1,361 new donors in 2015.

1,047 new donors in 2014.

MMB now has more than 56 donation and outreach centers across the country.

MMB expanded our facility and received ISO Class 7 cleanroom certification in July 2015—the first nonprofit milk bank in the nation to do so.

The MMB charity care program ensures that lifesaving donor human milk is provided to all infants with a medical need, regardless of the family’s ability to pay. Your donations make a difference!

“I would like to express my gratitude to the milk bank for allowing me to be a donor, to the moms who put such enormous trust in me to feed their babies. Donating milk was rewarding.”

– Lori, DONOR

“I probably never would have thought to donate had I not seen how vital, and how much donor milk was used in the NICU. It truly was, and is, like gold for these babies. So glad I was able to donate.”

– Michelle Renee, MOTHER OF RECIPIENT & DONOR
