HMBANA Congress Coming to Colorado

This essential conference brings together experts in human milk, lactation and donor human milk banking from across the globe. This is an exciting opportunity for healthcare providers to come together to discover the latest research, earn educational credits, and update practices in order to best serve patients.

LATEST RESEARCH ◇ PEER NETWORKING ◇ RELEVANT SPEAKERS

A Sampling of Confirmed Conference Presentations:

- Human Milk Oligosaccharides at the Interface of Maternal and Infant Health - Lars Bode, PhD
- The Evolution of Lactation - J Bruce German, PhD
- Effects of Pasteurization on Human Milk Quality - Jean-Charles Picaud, MD
- Comparison of a Human Milk-Based to a Bovine-Based Human Milk Fortifier in Very Low Birth Weight Infants - Sharon Unger, MD
- Up In Smoke: The Potential Impact of Marijuana during Pregnancy and Breastfeeding - Laurel Wilson, IBCLC
- Donor Human Milk in the Well Newborn Population: Current Evidence and Unanswered Questions - Laura Kair, MD

Colorado's First 'Baby Café'

Mothers' Milk Bank is excited to announce the opening of our very own Baby Café - the first in Colorado!

Baby Café is a safe and cozy place where new and expecting parents can gather to support one another on their breastfeeding journey while receiving free guidance and tips from a breastfeeding specialist.

Please join us, and encourage your patients to as well, for our Grand Opening celebration on Friday, May 18th at 11:00 AM. Or join us every Friday at Baby Café from 11:00 AM - 1:00 PM. Light snacks, coffee and tea will be provided.
Prescribe Donor Milk

Donor human milk is the first choice for all babies anytime moms' own milk is unavailable. It is essential for any baby with a weakened immune system or special dietary needs. To learn more about prescribing donor human milk from Mothers' Milk Bank to infants in your care, please visit our website to view a short introductory video.

Potential Milk Donors

Human milk is a gift that last a lifetime and we rely on healthcare providers to encourage patients with excess milk to become milk donors. If you have a patient with an established milk supply and healthy baby, please have her contact us. Women interested in becoming donors should visit our website for more information.

About Mothers' Milk Bank

A nonprofit program of Rocky Mountain Children's Health Foundation, Mothers' Milk Bank (MMB) collects, tests, processes and provides donor human milk to babies across the country. Babies who receive the milk may be premature or have severe illnesses and need human milk to thrive.

MMB consistently provides more milk to NICUs than any other nonprofit milk bank in North America and adheres to the strict guidelines of the Human Milk Banking Association of North America.

Dedicated to babies. Dedicated to quality. Dedicated to safety.
