Frequently Asked Questions

WHAT IS A TOY DRIVE?

A Toy Drive is a campaign to collect toy donations to bring a smile to the faces of children, either in the hospital or at home facing serious illness. Your business, church, school, neighborhood, etc. can host a Toy Drive at any time. RMCHF will provide the collection bins, signage, flyer templates, and anything else you need.

WHAT IS ROCKY MOUNTAIN CHILDREN'S HEALTH FOUNDATION?

Rocky Mountain Children's Health Foundation (RMCHF) is a nonprofit organization with the mission to ensure newborns, pediatric patients, and their families have the financial, nutritional, and emotional support they need during the most challenging moments in their lives. We believe no family should have to face their child's illness alone, and believe that, by being supporting their essential needs in those critical moments, we can help them focus on what really matters: their child. learn more at rmchildren.org.

WHO RECEIVES THE GIFTS?

The items collected during a Toy Drive are distributed by RMCHF to pediatric patients and their families in the Rocky Mountain region. Oftentimes, these patients and family members are faced with unexpected hospital stays, surgeries or other aspects of their treatment. These unexpected situations can be costly and stressful. The items donated through a Toy Drive can help a patient or families have a moment of joy amidst the uncertainty.
